Schoolshape has developed new technology which allows the MFL speaking test to be recorded and submitted securely online. A pilot scheme is being introduced which leads to the 13+ Common Entrance MFL Speaking Tests in May 2009. From 6 February to 16 May participating schools will receive free use of the software, fully supported by Schoolshape's technical and educational advisors. For further details and to apply to join the pilot scheme, go to www.schoolshape.com.
